Instructions for Preparing the Quarterly Report of Employer's and Workers' Contributions

General Instructions:

A separate report is to be filed for each place of business or group of places of business to which a separate unemployment compensation registration number has been assigned by this Commission. If more than one unemployment compensation registration number has been assigned and more than one report is made, one remittance (check, draft, or money order) may be made covering contributions for all places of business included in the several reports. In such cases the contribution reports and the remittance covering all reports by one employer should be attached to a summary sheet showing the unemployment compensation registration numbers covered, the amount of each contribution, and the total remittance.

Employers' contributions shall be paid and contribution reports filed on a quarterly basis as follows:

Contributions for Quarter Ending

March 31
June 30
September 30
December 31

Contributions Payable Not Later Than

April, last business day
July, last business day
October, last business day
January 31

except, however, that the Executive Director is authorized to require employers to file contribution reports and pay contributions on some other basis when, in his discretion, he considers it necessary to do so.

Read carefully the following instructions on specific items in this report form. See also "An Explanation of the Contribution and Reporting Provisions of the New Jersey Unemployment Compensation Law and Regulations," "Question and Answer Analysis of the New Jersey Unemployment Compensation Law," and "Regulations of the Unemployment Compensation Commission of New Jersey."

A report form will be mailed at the end of each quarter to each registered employer, on which will be entered by addressograph:

- (1) The employer's name and address;
- (2) The unemployment compensation registration number for the establishment, affiliate, or subsidiary for which the report is to be made; and
- (3) The quarter for which the report is to be made and the due date of the report and the remittance.

The employer's unemployment compensation registration number is to be entered by the employer in the space provided in the lower right-hand corner of the form.
